Circle up to 12 descriptions which reflect the contents of your CMAS. At least one of these codes must be a description other than a brand code. These descriptions are used to identify the contents of the CMAS to government purchasing agents when searching the CMAS website. Next to each description, YOU MUST indicate the page number from the base contract where the product or service is identified. Only products and services which can be substantiated by the contents of the base contract will be identified on the CMAS.
